

Partners in Social Development

## Prologue

IMPACT Partners in Social Development ([www.impactpartner.org.in](http://www.impactpartner.org.in)) [IMAPCT PSD (P) Ltd.], established in 2008, is a for-profit organization exclusively engaged in capacity building, program design and conceptualization, implementation, research and evaluation of social sector development projects for the last few years. IMPACT is housed at New Delhi, but operates in several states of India and is also managing a technical assistance project in Nepal.

IMPACT works on the principles of Partnerships, Knowledge sharing and Development of sustainable strategies. IMPACT believes that every individual bring their own set of knowledge and experience and collective wisdom can result into multi-fold increase in the impact of social development. Hence, IMPACT believes in working with and strengthening existing systems as opposed to creating new structures.

IMPACT has established management systems including financial management. Its finances are externally audited every year. IMPACT has been managing large grants from the UN and other international and national donors/partners. IMPACT has experience of working directly with project teams implementing large scale projects and undertaking capacity building of the stakeholders at different phases of the programmes. IMPACT has capability of conceptualizing the training needs into action keeping the desired outcomes of the projects, objectives, timelines and outcomes.

IMPACT currently has a team of 10 full-time staff (2 Senior Management, 4 Management and 4 coordinators) and works with a team of 10-15 regular development consultants.
